3.3.4 The Indicator and Our Response

What Times Higher Education asks, and what CUTM AP reports for 2025

Indicator 3.3.4 asks whether the university provides its students with access to sexual and reproductive health care services, including information and education services, and whether that access is free or charged.

On 18 November 2025 Centurion University of Technology and Management, Andhra Pradesh (CUTM AP) held a sexual and reproductive health awareness session for 120 of its students, aged 16–25, on its Vizianagaram campus, led by its allied health faculty. The session was part of the university's health programme and was free to students. The same team runs women's health sessions — covering reproductive health, menstrual hygiene, nutrition and anaemia — for women students of other colleges through the university's mobile clinic.

3.3.4 element	Claim	CUTM AP evidence in 2025	Proof
Free access — information and education services	✔ Yes	Sexual and reproductive health awareness session for 120 CUTM AP students (aged 16–25), 18 November 2025, Vizianagaram campus, free of charge.	Section 1, Annex S1
Free access — clinical services	Not claimed	No on-campus clinical sexual and reproductive health service is documented for 2025.	—
Charged access	Not claimed	—	—

1 On-Campus Session for Students

Sexual and reproductive health awareness · 18 November 2025 · Vizianagaram campus

Date	18 November 2025
Venue	Centurion University of Technology and Management, Vizianagaram campus
Who took part	120 students of the university, aged 16–25
Delivered by	Faculty and students of the university's allied and healthcare sciences programmes
Topics	Sexual and reproductive health awareness — information and education for students
Cost to students	Free

Source: activity register of the university's allied health team, entry for 18 November 2025.

HOW THIS MEETS INDICATOR 3.3.4

Students have free access to sexual and reproductive health information and education, delivered on campus by the university's own health faculty.

2 Supporting Evidence — Women's Health Sessions

Delivered by the university's mobile clinic, Healthcare on Wheels

The university's Healthcare on Wheels team also delivered women's health sessions covering reproductive health and hygiene, nutrition, anaemia screening and stress for women students of other colleges in 2025. These show the content and capacity of the university's sexual and reproductive health education; they are counted under indicator 3.3.2 (outreach), not as services for CUTM AP students.

Date	College	Women students	Proof
23 Jan 2025	Vishaka Women's Degree College, Visakhapatnam (session 1)	200	Annex S2
24 Jan 2025	Vishaka Women's Degree College, Visakhapatnam (session 2)	100	Annex S2
1 Aug 2025	Aditya Women's Degree College, Vizianagaram	15	Annex S3
Total		**315**
