## 3.3.2 The Indicator and Our Response

What Times Higher Education asks, and what CUTM AP reports for 2025

Indicator 3.3.2 asks whether the university delivers outreach programmes and projects in the local community — including student volunteering — to improve or promote health and well-being, for example on hygiene, nutrition, family planning, sport, exercise and ageing, and whether these reach local communities, disadvantaged people and refugee or immigrant communities.

In 2025 Centurion University of Technology and Management, Andhra Pradesh (CUTM AP) took health care into schools, colleges, villages and settlements around Vizianagaram and Visakhapatnam. Its mobile clinic, Healthcare on Wheels, held 18 screening and awareness events reaching 2,306 people, and its optometry team held 18 eye-health camps reaching 3,569 people — 5,875 people in all, every event documented with photographs. Allied health students delivered the screening under faculty supervision.

| 3.3.2 element | Claim | CUTM AP evidence in 2025 | Proof |
