Multiply Conducts Placement Drive at Our University

Multiply, a fast-growing SaaS startup based in Noida, conducted a placement drive at our university, offering career opportunities for B.Tech (CSE/IT) and MBA/BBA graduates. The company recruited for roles such as .Net Developer, PHP Developer, Full Stack Developer, Operations Executive, HR Executive, and Sales & Marketing Executive. The drive provided students a platform to showcase skills and secure promising careers in the evolving SaaS industry.

Hands-on Workshop on Network Traffic Analysis Organized by CSE (CN) Department

The Department of Computer Science and Engineering(Computer Network), Centurion University of Technology and Management, Vizianagaram, organized a 3 Hour Hands-on Workshop on "Deep Packet Insights: A Workshop on Network Traffic Analysis". The workshop was designed to provide students and faculty from B.Tech (CN) with practical knowledge of Cisco packet trace

TechTalk on AI & Ethics: Understanding the Impact of Artificial Intelligence

The TechTalk session on AI & Ethics showcased how technology is revolutionizing AI. The lecture focused on the ethical implications of Artificial Intelligence, addressing concerns such as bias, accountability, and privacy. Discussions highlighted how AI systems inherit biases, impact decision-making and automation, and raise concerns. The session provided students and faculty with a deeper understanding of responsible AI.

TECH TALK

Tools-Based Learning Session Conducted at Our University

Our university organized a Tools-Based Learning session, introducing students to technologies like Generative AI, Prompt Engineering, IBM Watson, Blockchain, AR/VR, and UI/UX design. The session also covered chip-making tools like Synopsys TCAD, Silvaco, Cadence, Siemens EDA, Keysight ADS, Ansys, and Xilinx Vivado. This initiative provided hands-on experience, enhancing students' technical proficiency and industry readiness.

Awarded Ph.D degree to Mr.Satyanarayana Raju

Our University proudly announces that Mr. K. Satyanarayana Raju, a Ph.D. scholar in the Department of Computer Science Engineering, has been awarded a Ph.D. degree for his thesis titled: "Design and Implementation of a Miniaturized Meander Line Microstrip Antenna for Modern Applications" His research was guided by Prof. G.S.N. Raju and Dr. M. Murali . Congratulations to Mr. Pavan Raju on this remarkable achievement!

Lecture on "Skill Up for the Future" by Shri. Shyam Kondaka

Shri Shyam Kondaka, Technical Architect & Director at Salesforce.com, Los Angeles, California, delivered an insightful lecture on "Skill Up for the Future". He discussed key aspects of AI, Digital Transformation, and Salesforce Trailhead Enablement, emphasizing the importance of upskilling and adapting to evolving technologies. The session provided students with valuable insights into industry trends, career opportunities, and the role of digital skills in shaping the future workforce

[Republic Day Celebrations at Our University](#)

Our university proudly celebrated the 73rd Republic Day with great enthusiasm and patriotic fervor. The event featured the hoisting of the national flag, a parade by NCC students, and cultural performances reflecting India's rich heritage. The Vice-Chancellor, faculty, and students gathered to honor the nation's spirit, emphasizing unity, discipline, and responsibility towards the country. The Minister praised the NCC cadets' dedication, highlighting their role in fostering leadership and national service. The celebration concluded with inspiring speeches and a pledge to uphold the values of the Constitution.

[NCC and Sports Achievers Honored on Republic Day](#)

Following the celebrations, the Vice-Chancellor, Registrar, and Deans awarded medals to NCC students in recognition of their discipline, dedication, and service. Additionally, sports students were felicitated for their exceptional performances, bringing pride to the university. The event highlighted the institution's commitment to encouraging leadership, excellence, and holistic development among students.

TECH TALK

Students showcasing their projects to Union Minister

Students showcased innovative projects to the Union Minister, featuring Blockchain, Machine Learning, IoT, Agriculture, and Industry Automation, highlighting advancements in smart farming, industrial IoT, predictive analytics, secure digital solutions, and automated systems for efficiency and sustainability.

Union Minister Visits Advanced Skill Labs

The Union Minister visited state-of-the-art AR/VR labs, skill labs, and paramedical labs, emphasizing the importance of hands-on training and technological advancements in education. The visit highlighted cutting-edge facilities designed to enhance practical learning, industry readiness, and innovation. The Minister interacted with students and faculty, appreciating their efforts in bridging the gap between academics and real-world applications. This visit underscores the commitment to fostering a skilled workforce through immersive learning technologies and modern training methodologies.

Visiting SMO

The Union Minister visited the SMO, Skill Centre, and E-Rickshaw Manufacturing Hub, highlighting skill development, sustainable mobility, and industry-academia collaboration while appreciating innovations in manufacturing, automation, and workforce training.

Drone manufacture unit inaugurated at CU

THE UNIVERSITY IN PARTNERSHIP WITH SUPERBEE AERONAUTICS LAUNCHED THE DRONE UNIT

KOPPARA GANDHI VIZIANAGARAM

UNION Minister for Civil Aviation K Rammohan Naidu stated that the establishment of a drone manufacturing unit at Centurion University (CU) will be a significant advantage for the North Andhra districts. This unit, along with a training centre is expected to create numerous employment opportunities in this sector.

On Saturday, the Union Minister, along with Andhra Pradesh Minister for MSME Sector Kondapalli Srinivas, inaugurated the drone manufacturing unit on the CU campus. The university, in partnership with Superbee Aeronautics has launched the drone unit.

Speaking on the occa-

Ministers K Rammohan Naidu and Kondapalli Srinivas examining drones at Centurion University on Saturday

sion, Rammohan highlighted the potential extensive use of drones in agriculture and said that Chief Minister N Chandrababu Naidu is actively encouraging the sector. He also indicated that Andhra Pradesh will see the establishment of several drone manufacturing centres in the near future.

Later, the ministers inau-

gurated a mobile healthcare unit that provides various medical services and said that this mobile unit offers comprehensive body check-ups at a lower cost than city laboratories.

Chancellor Prof GSN Raju, Vice-Chancellor Prof PK Mohanthy, Registrar Dr Pallavi, and others were also present at the programme.
