NEWS UPDATE

Future Ready: Navigating Emerging Trends in Management

The School of Management at BBSR Campus hosted an online seminar featuring Mr. B.K. Swain, Director of HR and CEO of Agri Bord Industries, USA. He emphasized significant trends that are influencing modern management, such as digital transformation, artificial intelligence, and sustainability.

The session emphasized the need for adaptability, innovation, and continuous learning for future managers. Students gained valuable global insights into emerging business practices.

The School of Management at CUTMAP recently hosted an insightful offline workshop focused on digital marketing analytics, expertly led by Professor Rajesh Menon. This engaging session delved into various aspects of analytics, specifically concentrating on platforms like YouTube, email, and social media. Professor Menon emphasized the importance of data in gauging user engagement and refining campaign performance. Participants were introduced to vital metrics and practical techniques essential for making informed, data-driven marketing decisions.

Workshop: Digital Marketing Analytics

Throughout the workshop, attendees gained valuable knowledge on how to optimize digital strategies effectively. They learned how to interpret analytics to better understand audience behavior, allowing them to tailor their marketing efforts accordingly. The session was designed to provide actionable insights, equipping participants with the tools necessary to enhance their digital marketing endeavors. By the end of the workshop, attendees left with a clearer understanding of how to leverage data to drive successful marketing campaigns, ensuring they remain competitive in today's dynamic digital landscape.

Interactive Session with Prof. D.N. Rao

Insightful session

The School of Management at CUTMAP Campus held an enlightening session with Prof. D.N. Rao on September 9, 2025. This event focused on the Centurion Model of Education, which Prof. Rao articulated with great clarity.

He stressed the importance of experiential and skill-integrated learning, underscoring its role in modern education. The session provided students with valuable insights on how to effectively utilize campus resources for hands-on learning, innovation, and comprehensive personal development. Prof. Rao's interactive discussion not only engaged the students but also motivated them to adopt a practical approach to their studies.

He encouraged them to develop essential skills that would be crucial for their future academic pursuits and career aspirations. The session succeeded in inspiring students to set higher goals and strive for excellence in all their endeavors. This event was a significant contribution to the students' educational journey, fostering a proactive and innovative mindset.

Workshop: Driving Impact with Email Marketing

The School of Management at CUTM Vizianagaram recently hosted a two-day workshop focused on email marketing, conducted by Prof. Rajesh Menon, the CEO of Impact Digital Services Pvt. Ltd. The workshop aimed to equip participants with foundational and advanced skills in email marketing. Over the course of the sessions, attendees explored various aspects of email campaigns, including how to effectively design and personalize emails, segment audiences, and track performance metrics. A significant portion of the workshop was dedicated to teaching participants how to leverage analytics tools to assess engagement levels and make informed, data-driven decisions.

EVENT HIGHLIGHTS

Prof. Menon emphasized the importance of integrating email marketing into a comprehensive digital strategy, offering practical insights and strategies. By the end of the workshop, participants gained valuable skills that would enhance their ability to execute successful email marketing campaigns, ultimately contributing to the broader goals of their digital marketing initiatives.

Internal Hackathon on Power BI

The School of Management, CUTMAP conducted an Internal Power BI Hackathon on 19th September 2025 for BBA 3rd year students. Twenty participants worked in teams to create interactive dashboards based on real business scenarios, showcasing their data analysis and visualization skills. The event encouraged creativity, teamwork, and practical application of analytics concepts. Faculty appreciated the students' innovative dashboards and problem-solving approaches.

Block Chain Work shop

Siddharth's sir blockchain workshop provided an insightful session on blockchain and Bitcoin. The workshop delved into the principles of blockchain technology, explaining how it ensures secure and transparent transactions.

Participants gained a deeper understanding of Bitcoin's role within the blockchain ecosystem, exploring its impact on the financial sector. Siddharth's engaging presentation style kept attendees captivated, encouraging interactive discussions and questions. Overall, the session was both enlightening and educational, offering valuable knowledge to all participants.
