Kickr Technology Conducts Placement Drive at Our University

The New Delhi based Kickr Technology conducted Campus selections for various jobs held at Our University on Thursday. On this occasion, the company's CEO Tanvi Damija said there would be a package of Rs. 3.5 lakh per year for jobs like Node Java Script, React Java Script, React Native, JD Analyst, Social Media and Sales Executive etc., Along with her, the company's director Somnath Dhamija, conducted these selections. About 120 CSE students have participated in this program

Workshop on Advancements of Electromagnetics

Our university conducted a workshop on "Advancements of Electromagnetics" on February 4, 2025. Dr. Moturi Satyanarayana, Professor at MVGR College, led discussions on innovations, networking, future trends, and career opportunities, benefiting enthusiastic participants and fostering research-driven learning.

Vasant Panchami Celebrations at Our University

Our university celebrated Vasant Panchami with a Saraswati Pooja at the C Block Atrium. Students, faculty, and staff gathered to seek Maa Saraswati's blessings for wisdom and knowledge, concluding with Prasadam distribution in a spiritually enriching atmosphere.

TECH TALK

Tools-Based Learning Session Conducted at Our University

Our university organized a Tools-Based Learning session, introducing students to technologies like Generative AI, Prompt Engineering, IBM Watson, Blockchain, AR/VR, and UI/UX design. The session also covered chip-making tools like Synopsys TCAD, Silvaco, Cadence, Siemens EDA, Keysight ADS, Ansys, and Xilinx Vivado. This initiative provided hands-on experience, enhancing students' technical proficiency and industry readiness.

Awarded Ph.D degree to Ms. Kothapalli Ramya

Our University proudly announces that Ms. Kothapalli Ramya, a Ph.D. scholar in the Department of Electronics and Communication Engineering, has been awarded a Ph.D. degree for his thesis titled: "Antenna Pattern Synthesis And Their Realization Using Optimized Amplitude And Phase Distributions" Her research was guided by Prof. G.S.N. Raju and Dr. P. A. Sunny Dayal . Congratulations to Ms. Kothapalli Ramya on this remarkable achievement!

Our University and M.R. College (Arts) sign MoU on research and collaboration

Our University and Maharaja's College (Arts) have signed a Memorandum of Understanding (MoU) for research and knowledge exchange and educational activities. The MoU was signed on Monday between MR College Principal Dr. M. Sambasiva Rao and our University Registrar Dr. P. Pallavi. The MoU will facilitate opportunities such as educational internships, research, knowledge exchange, and skill transfer as per the new National Education Policy.

Gajajyothi-2025: A Showcase of Innovation and Talent

As part of Gajajyothi-2025, visitors explored various departments, where students enthusiastically showcased their projects and provided insightful explanations. This interactive session highlighted student innovation and academic excellence, making the fest a true celebration of knowledge and creativity.

Inauguration of 18 Clubs at Annual Fest

As part of our annual fest, our Vice President inaugurated 18 student clubs, fostering innovation, collaboration, and skill development. These clubs span diverse domains, including Game Development, Robotics & IoT, Cybersecurity, Blockchain, AR/VR, Gen AI, UI/UX, Medical Diagnostics, and more. Designed to enhance practical learning and industry readiness, these clubs will provide students with hands-on experience, research opportunities, and networking platforms. This initiative reflects our university's commitment to nurturing talent and preparing students for future technological advancements.

Workshop on Computational Drug Discovery and Molecular Docking

The Department of CSBS, Centurion University, Vizianagaram, organized a two-day hands-on workshop on Computational Drug Discovery and Molecular Docking using BIOVIA Discovery Studio (Feb 6-7, 2025), providing students and faculty with practical insights into drug discovery and forensic research.
