SCHOOL OF ENGINEERING

TECH TALK

// EVENTS

- webinar session on the Topic of Job Opportunities in VLSI/Semiconductor Industry.

- Department of ECE, in association with IEEE& IIC is organized a 3-Day Hands-on Workshop on "AI-Driven Embedded Systems – From Data to Decision: AI on a Microcontroller".

- Alumni talk by K. Mouli ECE 2022 Passed out

- Diwali Celebration

- Alumni talk by Srinvasu Merula ,B.Tech ECE-2018 passed out.

- Mr. D. Geetha Krishna Suhas, Product Developer in Chella Software is organized a workshop on Flutter.

- Alumni Talk by-Meghana Gurajala, B.Tech 2023 passed out.

- Alumni Talk by-Jaitej Rapeti, B.Tech 2017 passed out.

WEBINAR ON JOB OPPORTUNITIES IN VLSI
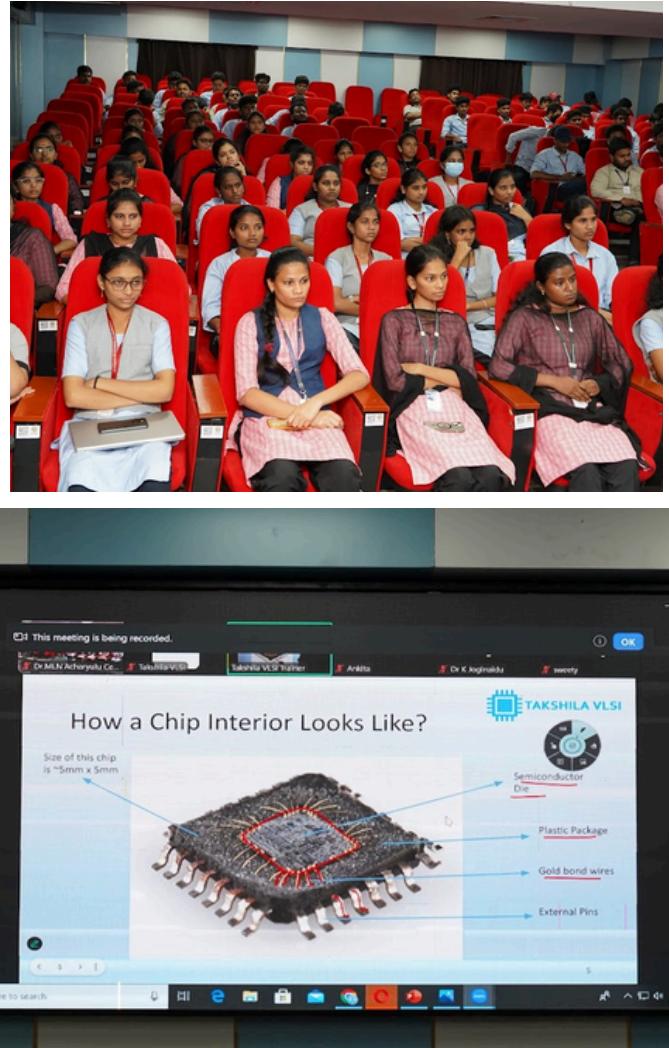

WEBINAR – DEPARTMENT OF ECE

The Department of Electronics and Communication Engineering has organized a webinar on "Job Opportunities in the VLSI/Semiconductor Industry."
This session will offer valuable insights into emerging career prospects, essential technical and soft skills, and the latest trends shaping the semiconductor sector.

ALUMNI TALK BY KORIBILLI MOULI

The Department of Electronics and communication Engineering successfully hosted an Alumni Talk session . The event featured an interactive session with Koribilli Mouli, a 2022 graduate of the department who is currently working as a Program Analyst at Cognizant.

During this session, the speaker shared valuable insights on transitioning from campus to corporate life, skills essential for industry readiness, and the role of continuous learning in the growth.

Students had the oppurtunity to engage in a Q&A session, gaining first-hand perspectives on proffesional challenges and oppurtunities in the tech sector.

DIWALI CELEBRATION

As part of the Diwali celebration on campus, students of the csaR presented a vibrant and culturally rich stage performance of the Ramayan. The event showcased traditional costumes, expressive storytelling, and well-coordinated enactments of key scenes from the epic. The performance not only highlighted the artistic talents of the students but also reflected the significance of Diwali as a festival symbolizing the victory of light over darkness and good over evil.

ALUMNI TALK BY SRINVASU MERULA

The Department of Electronics and Communication Engineering hosted an engaging Alumni Talk . The session featured Srinivasu Merula, an alumnus from the ECE 2018 batch , who is currently working as an Associate Consultant at Capgemini.

The speaker interacted with students virtually ,sharing his professional journey , experiences in the IT and consulting industry, and the importance of adaptability in a rapidly evolving technology landscape.

He provided valuable guidance on campus -to-corporate transition, essential technical and interpersonal skills, and strategies to stay industry-relavent.

WORKSHOP ON AI EMBEDDED SYSTEMS

Centurion University Successfully hosted a 3-Day AI Driven Embedded Systems Workshop. The event was focused on empowering innovators with skills in cutting-edge systems combined with AI.

AI-Driven Embedded Systems Workshop

EMPOWERING THE NEXT GENERATION OF INNOVATORS AT CUTM AP

- Guides
- Support
- Foundations
- Future-Ready Skills

Join Us and Shape the Future of Smart Technologies!

Cutting-edge embedded systems combined with artificial intelligence

3-Day WorkShop

Overview

Real-time system design   Industry-Relevant Certification   AI-driven applications

Collaborative Environment   Hands-On Lab   Etc.

ELECTRONICS AND COMMUNICATION ENGINEERING

Date: 23rd to 25th October 2025

Venue Centurion University of Technology & Management

CUTM AP www.cutmap.ac.in

Participants gained valuable, hands-on experience and learned about industry-relevant topics.This Workshop equipped attendees with the essential future-ready skills needed to shape smart technologies.
.

WORKSHOP ON FLUTTER

CENTURION UNIVERSITY OF TECHNOLOGY AND MANAGEMENT
VIZIANAGARAM, ANDHRA PRADESH

Welcomes

Dasam Geetha Krishna Suhas
Software Developer
Chella Software

For delivering expert talk during Workshop on Flutter

The department of Computer Science and Engineering , organized an expert talk as part of its Workshop on Flutter. The session was delivered by Dasam Geetha Krishna Suhas, Software Engineer at CGHS, Banglore, who was invited as a guest speaker.

The Workshop focused on emerging industry trends,skill requirements, and the importance of hands-on learning for engineering graduates.

Students actively participated, working on laptops during the session as part of a guided activity, making the workshop both informative and application-driven.

ALUMNI TALK BY MEGHANA GURAJALA

The Department of Computer Science and Engineering, organized the Alumni Talk 2025.
This session was led by Ms. Meghana Gurajala. She shared valuable insights on career choices, academic pursuits, and professional development .

ALUMNI TALK BY JAITEJ RAPETI

The Department of Computer Science and Engineering, organized the Alumni Talk 2025.

This session was led by Mr.Jaitej Rapeti. He shared valuable insights on career choices, academic pursuits, and professional development .
